

usetex=False
preview=False

lg
 $\frac{1}{2}\pi$
 p^{3A}
 p_{3_2}

This panel shows the rendering of LaTeX code with `usetex=False` and `preview=False`. The text is rendered in a standard font, and the mathematical symbols are not italicized. The layout is contained within a black rectangular frame with a vertical red line on the left and horizontal red lines separating the four rows of text.

usetex=True
preview=False
